Welcome to London institute of English language & personality development

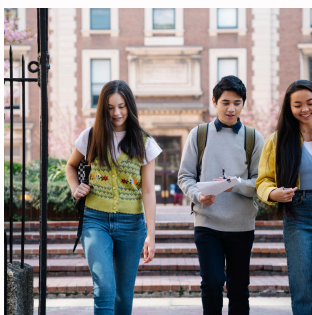

Our spoken English course is designed in a way that will help the learners build confidence to speak English fluently. The program has many interesting features: An interactive nature of teaching. Enabling the learner's to practice their presentation skills through activities and class interaction.

Basic English class

The basic spoken English course is a one month program designed for learners struggling to form basic sentences and use everyday.

Intermediate

In the intermediate phase, Home language learner's will use listening and speaking skills to interact and negotiate meaning.

Advanced

There is a focus on syntactic description, analysis and argumentation, and on the relationship between linguistic form and grammatical function.

Personality development

This course will help an individual to polish skills, behaviour, behaviour, learning, and abilities to be a resourceful and productive part of the organisation.

Body language

Mastering body language can lead to improved communication skills, enhanced self-confidence, better relationships, and professional success.

Presentation skills

Presentation skills are the abilities and qualities necessary for creating and delivering a compelling presentation that effectively communicates information and ideas.

Group discussion

Engaging in discussions helps students process information more deeply, connect different concepts, and retain knowledge for longer periods. Group discussions promote a deeper understanding of a topic and increase long-term retention. Group discussions can also help increase participants' attention and help maintain their focus by involving them in the learning process. Group discussions can also provide feedback to instructors on participant comprehension.

Fun activities

We Make our English class more interesting by avoiding just using textbooks and lectures. Instead, try activities like group discussions or creative writing exercises. Avoid doing things like using boring worksheets or giving long lectures without interaction.

Vocabularies

Teaching vocabulary is important because it helps children learn to read, write, and communicate. It also helps children think and learn about the world.

Audio & Video classes

One notably effective way to level up your English language and speaking proficiency is through podcasts and audiobooks. These audio-based tools are not just for entertainment; they serve as valuable supplements to IELTS preparation methods.
